Nuestras principales telas:

BIRDSEYE:

Breathable texture with honeycomb structure.

Lightweight and porous weave that promotes airflow.

Perfect for warm climates or outdoor sports.

Its "bird's eye" pattern helps absorb sweat and quickly expel it, keeping you cool and dry.

Durable and functional: withstands heavy use and frequent washing without losing shape.

DRY FIT:

Quick-dry technology for high performance.

Made with microfiber composition that pulls sweat away from the skin and pushes it to the surface for faster evaporation. Soft to the touch, lightweight, and highly elastic. Repels moisture while maintaining breathability.

Ideal for intense workouts, sports uniforms, and everyday active wear.

PREMIUM:

Professional finish with maximum durability.

High-quality polyester blend with superior weight and drape. Soft, elegant, and abrasion-resistant—ideal for premium institutional, athletic, or promotional apparel.

Supports full sublimation with excellent color accuracy.

Opaque and shape-retaining even after multiple washes.
